HARSHA VARDHAN REDDY C

Bengaluru, India | harshavardhan0764@gmail.com | 9014467153 | linkedin.com/in/harsha-vardhan-reddy-c-data-analyst

PROFESSIONAL SUMMARY

B.Tech Computer Science graduate (2026) with a strong foundation in Python programming, Object-Oriented Programming concepts, and SQL/database fundamentals. Hands-on experience building full-stack applications and analytics dashboards (Power BI, Qlik Sense), with a track record of clear technical documentation. Eager to grow into an AI/ML Computational Science Associate role, applying strong problem-solving skills and a fast learning curve to development, automation, and data-driven projects.

SKILLS

- Programming: Python (Pandas, NumPy, Matplotlib, Seaborn), Object-Oriented Programming (OOP) concepts
- SQL & Database Concepts (Joins, Subqueries, GROUP BY, Window Functions), MySQL
- Analytics & BI: Power BI, Qlik Sense

CERTIFICATIONS

Qlik Sense Business Analyst Qualification *2025*
- Built interactive dashboards using the associative model, KPI tiles, and advanced chart types.

Qlik Sense Data Architect Qualification *2025*
- Designed optimised data models and load scripts to structure and transform data for analytics.

Data Visualization: Empowering Business with Effective Insights *2025*
- Created executive-level Power BI dashboards for business trend analysis and data storytelling.

Tata Group Data Analytics Job Simulation *August 2025*
- Built a predictive delinquency risk model and designed an AI-driven collections strategy (banking/financial services domain).

PROJECTS

Zoo Management System — HTML, CSS, PHP, SQL *2023*
- Built a full-stack web application with a MySQL backend; implemented CRUD operations and SQL JOIN queries for cross-table reporting — direct experience with backend development and database-driven applications.
- Designed a normalised relational schema and wrote optimised queries for efficient data retrieval, applying SDLC and OOP-aligned coding practices.

Exploratory Data Analysis — Python *April 2024*
- Performed data cleaning, distribution analysis, and correlation heatmaps using Pandas, Matplotlib, and Seaborn.
- Identified statistical patterns and clearly documented insights to support data-driven decision-making, reflecting strong analytical and problem-solving skills.

EDUCATION

B.Tech — Computer Science and Engineering *2022 – 2026*
Reva University, Bengaluru
- Relevant coursework: DBMS, Data Structures, Python Programming, Statistical Methods.

Intermediate (Class 11–12) *2020 – 2022*
Narayana Junior College

SSC (Class 10) *2020*
Uday Kiran English Medium School

EXTRACURRICULAR ACTIVITIES

- Represented Reva University CSE Department in the inter-department cricket tournament — teamwork under competitive pressure.
- Represented school in District-level Kabaddi competition — teamwork and leadership.
